Overview

During 2020, CMS made several changes that will impact the long-term care industry into 2021. These changes include changes to infection control procedures and incentive payments tied to infection control, updates to the Five Star Quality Rating System, and the launch of Care Compare, replacing Nursing Home Compare. This session will review the changes made by CMS and implications for skilled nursing facilities.

Objectives

- Understand the updates to the infection control procedures and how incentive payments are determined by facility.
- Review the updates to the Five Star Rating Quality Rating System as a result of COVID-19 and changes made for FY21.
- Explore the launch of Care Compare which is a redesign of the various CMS compare tools including Nursing Home Compare.
