

POST TEST ANSWER KEY- QUALITY ASSURANCE PERFORMANCE IMPROVEMENT

Question: True or False?	Answer
1. The QAPI plan must be ongoing, comprehensive and address all systems of care including clinical care, quality of life and resident choice.	True – every aspect of resident care must be addressed
2. Only management team members participate in QAPI and the QAA committee.	False – the expectation is for all staff, residents and resident representatives to be part of the QAPI process.
3. Our facility should be aware of any problems that are high risk, high volume, or problem-prone, and opportunities for improvement.	True
4. Performance Improvement Projects (PIPs) must be created for every problem identified.	False – the facility must prioritize issues for PIP development
5. A facility must provide evidence that it has, through the QAA committee, identified its own quality deficiencies, and are making a “good faith attempt” to correct them.	True
