### Overview

Many facilities have and continue to experience multiple Infection Control (IC) surveys based upon the original and now revised (IC) survey triggers. Increasing deficiencies, including immediate jeopardies (IJs), are being cited. The financial and reputation impact can be significant. During this webinar, we will discuss the pitfalls that have resulted in the most serious citations and how to prepare in order to avoid them.

### Objectives

- Review the revised triggers for an Infection Control Survey and the potential consequences of deficiencies
- Discuss the issues and circumstances that are resulting in IC survey deficiencies including Immediate Jeopardies
- Learn how to respond to the new Infection Control Survey Plan of Correction requirements
- Learn when to ask for an Informal Dispute Resolution (IDR) and when to ask for help

### Faculty

Dorrie Seyfried, VP, IPMG Senior Care Risk Management

### Who Should Attend

Administrators, DONs, ADONs, and Infection Control nurses/staff nurses at CCRCs and Nursing Homes. Staff involved with nursing home surveys.

### Registration and Fees

Registration fees include one registration link and access to the audio recording for the webinar. There is no limit to staff participation when using the same registration link (registration link may not be forwarded to others).

Registration instructions and handout materials will be sent to the contact person listed on the registration 24 hours prior to the start of the webinar.

Member Rate: **\$79 per phone line**  
Non-Member Rate: **\$158 per phone line**

This webinar is included in the Webinar Subscription Program for CCRC's and nursing homes.
