

POST TEST - SMOKING

Question: True or False?	Answer
1. The facility must allow residents to smoke anywhere outside if they choose, as this is their right.	
2. Oxygen is not allowed in the designated smoking area.	
3. It is a requirement to inform all visitors of smoking policies and hazards.	
4. Staff should immediately intervene and report a resident found smoking in any non-designated area.	
5. The facility must have a smoking policy that identifies the smoking requirements
