

FIT KIT

BY MOBILE HEALTH

MOBILE HEALTH, AN OCCUPATIONAL HEALTH CARE PROVIDER WITH OVER 35 YEARS OF EXPERIENCE, IS PLEASED TO OFFER A RESPIRATOR FIT TESTING SOLUTION FOR HEALTH CARE PROVIDERS ACROSS THE COUNTRY. MEET FIT KIT!

Fit Kit allows you to easily perform fit testing for your own staff in your own office with guidance, support and supplies from Mobile Health.

FIT KIT BOX

HOW DOES IT WORK?

1. Mobile Health sends you a Fit Kit. The kit contains everything you need to provide a fit testing program to your staff.
2. While the Fit Kit is enroute, each participant will complete their online medical evaluation. This ensures that only those medically cleared to wear an N95 respirator are tested.
3. When the Fit Kit arrives, you will participate in a live training via teleconference where trained fit testing experts will guide you to perform the fit tests.
4. Upon completion, simply pack up the kit and send it back to us!
